Create, organize and verify tasks in your HooTasks workspace.

Contents

[1. Create your first task](#)

[2. Customize workspace notifications](#)

Create your first task

HooTasks keeps your team's work organized. Create a task, verify the saved result and adjust your workspace preferences with these short walkthroughs.

Prerequisites

1. Open your workspace with permission to create tasks.

Tip: Use a short title that describes the next action.

1. Enter a clear task title and choose its priority.
2. Select Create task. Check that the task appears in the list and that a confirmation is shown.

FIGURE 1.1

Fill in the task details

A names your task. B controls its priority. Select Create task to save it.

The screenshot shows the HooTasks interface. At the top left is the logo 'HooTasks.' and a dark blue bar on the right. Below the logo is the text 'TEAM WORKSPACE'. The main heading is 'Your workspace, in focus.' followed by the subtitle 'A clear place for your team's next steps. Start small. Keep moving.' The 'Create a task' section has a sub-header 'Create a task' and the instruction 'Turn your next idea into an actionable task.' It contains a 'Task title' input field with the placeholder text 'What needs to get done?' (annotated with a red circle 'A'), a 'Priority' dropdown menu currently set to 'Normal priority' (annotated with a red circle 'B' and an arrow pointing to the dropdown), and a green 'Create task' button (annotated with a red circle '1'). To the right is an 'Upcoming tasks' section with the text 'The work that matters, all in one place.' and 'No tasks yet. Create your first one to get started.' At the bottom is a 'Quick tip' box stating 'Clear titles make collaboration easier. Use an action verb and a specific outcome.' and the text 'MAKE IT YOURS' at the very bottom.

A • Give the task a descriptive title.

B • Choose a priority for your team.

1 • Save the new task.

FIGURE 1.2

Check the saved task

The task now appears in your workspace. The confirmation shows that the save completed.

2 • Your newly created task.

3 • Successful save confirmation.

FIGURE 1.3

Task form in detail

A focused view keeps the form readable and assigns references automatically.

The screenshot shows a 'Create a task' form within a light blue rounded rectangle. The form has a title 'Create a task' in bold, followed by the instruction 'Turn your next idea into an actionable task.' Below this are two input fields: 'Task title' and 'Priority'. The 'Task title' field contains the text 'Prepare the launch checklist' and is highlighted with a red border and a red circle 'A' to its left. The 'Priority' field is a dropdown menu showing 'High priority' with a downward arrow, highlighted with a blue border and a blue circle 'B' to its right. A blue arrow points from circle 'B' to the 'Priority' field. Below the input fields is a green 'Create task' button. A red circle 'C' is to the right of the button, with a red arrow pointing from it to the text 'Task created successfully.' which appears below the button.

A • Your task title.

B • The selected priority.

C • The save confirmation.

Customize workspace notifications

HooTasks keeps your team's work organized. Create a task, verify the saved result and adjust your workspace preferences with these short walkthroughs.

Note: Preferences are configured separately from individual tasks.

Warning: Enable email notifications only for an account you control.

1. Open Workspace preferences, enable Email notifications and select Save preferences.

Workspace preferences

Preferences are near the bottom of the workspace. Long screenshots stay readable across PDF pages.

Workspace preferences

Quick tip Clear titles make collaboration easier. Use an action verb and a specific outcome.

MAKE IT YOURS

A workspace that fits your day.

Choose how you stay informed. You can change these preferences whenever you like.

Workspace preferences

Keep the right updates close at hand.

☒ Email notifications

Save preferences

Preferences saved.

HooTasks demo · Built for the hooserguide walkthrough

A · Turn notifications on or off.

B · Save your preferences.
