Create your first task

HooTasks keeps your team's work organized. Create a task, verify the saved result and adjust your workspace preferences with these short walkthroughs.

Prerequisites

1. Open your workspace with permission to create tasks.

Tip: Use a short title that describes the next action.

1. Enter a clear task title and choose its priority.
2. Select Create task. Check that the task appears in the list and that a confirmation is shown.

FIGURE 1.1

Fill in the task details

A names your task. B controls its priority. Select Create task to save it.

The screenshot shows the HooTasks interface. At the top left is the logo 'HooTasks.' and a dark blue bar on the right. Below the logo is the text 'TEAM WORKSPACE' and 'Your workspace, in focus.' followed by a subtitle 'A clear place for your team's next steps. Start small. Keep moving.' The main content area has two panels. The left panel, 'Create a task', has a subtitle 'Turn your next idea into an actionable task.' It contains a 'Task title' input field with the placeholder 'What needs to get done?' (annotated with a red circle 'A'), a 'Priority' dropdown menu with 'Normal priority' selected (annotated with a red circle 'B' and an arrow pointing to the dropdown), and a green 'Create task' button (annotated with a red circle '1'). The right panel, 'Upcoming tasks', has a subtitle 'The work that matters, all in one place.' and text 'No tasks yet. Create your first one to get started.' At the bottom is a 'Quick tip' box: 'Clear titles make collaboration easier. Use an action verb and a specific outcome.' and the text 'MAKE IT YOURS'.

A · Give the task a descriptive title.

B · Choose a priority for your team.

1 · Save the new task.

Check the saved task

The task now appears in your workspace. The confirmation shows that the save completed.

2 · Your newly created task.

3 · Successful save confirmation.

Task form in detail

A focused view keeps the form readable and assigns references automatically.

The screenshot shows a 'Create a task' form within a light blue rounded rectangle. The form has a title 'Create a task' in bold, followed by the instruction 'Turn your next idea into an actionable task.' Below this are two input fields: 'Task title' and 'Priority'. The 'Task title' field contains the text 'Prepare the launch checklist' and is highlighted with a red border and a red circle 'A' to its left. The 'Priority' field is a dropdown menu showing 'High priority' with a downward arrow, highlighted with a blue border and a blue circle 'B' to its right. Below the input fields is a green 'Create task' button. At the bottom of the form, a green message states 'Task created successfully.' A red circle 'C' is positioned to the right of the button, with a red arrow pointing from it towards the bottom right of the form area.

A · Your task title.

B · The selected priority.

C · The save confirmation.

Customize workspace notifications

HooTasks keeps your team's work organized. Create a task, verify the saved result and adjust your workspace preferences with these short walkthroughs.

Note: Preferences are configured separately from individual tasks.

Warning: Enable email notifications only for an account you control.

1. Open Workspace preferences, enable Email notifications and select Save preferences.

Workspace preferences

Preferences are near the bottom of the workspace. Long screenshots stay readable across PDF pages.

Workspace preferences

A · Turn notifications on or off.

B · Save your preferences.
