Create your first task

HooTasks keeps your team's work organized. Create a task, verify the saved result and adjust your workspace preferences with these short walkthroughs.

1. Enter a clear task title and choose its priority.
2. Select Create task. Check that the task appears in the list and that a confirmation is shown.

Fill in the task details

A names your task. B controls its priority. Select Create task to save it.

The screenshot shows the HooTasks interface. At the top left is the logo 'HooTasks.' and a dark blue bar on the right. Below the logo is the text 'TEAM WORKSPACE'. The main heading is 'Your workspace, in focus.' followed by the subtitle 'A clear place for your team's next steps. Start small. Keep moving.' The interface is divided into two main sections: 'Create a task' and 'Upcoming tasks'. The 'Create a task' section has a sub-header 'Create a task' and a description 'Turn your next idea into an actionable task.' It contains a 'Task title' input field with the placeholder text 'What needs to get done?' (annotated with a red circle 'A'), a 'Priority' dropdown menu with 'Normal priority' selected (annotated with a red circle 'B'), and a green 'Create task' button (annotated with a red circle '1'). The 'Upcoming tasks' section has a sub-header 'Upcoming tasks' and a description 'The work that matters, all in one place.' It contains the text 'No tasks yet. Create your first one to get started.' At the bottom of the interface is a 'Quick tip' box that says 'Clear titles make collaboration easier. Use an action verb and a specific outcome.' and the text 'MAKE IT YOURS'.

A Give the task a descriptive title.

B Choose a priority for your team.

1 Save the new task.
